

Authors Biography

Anwar M. Mulla has 22 years of experience in teaching. He is Ph.D. in Electrical Engineering. He has done B.E. (Electrical Engineering) from Government college of Engg. Karad (India), and M.E. (Electrical Power systems) from Walchand College of Engineering Sangli. His research interests include High Voltage Engg, Renewable Energy sources and Applications, Wind Power Generation, Instrumentation and control. He has received MODROB grants worth Rs. 20Lacs for modernization of High voltage Lab and Switchgear & Protection Laboratory. He has published 10 research papers in reputed International/ National Journals/ Conferences.

Niteen Savagave has 30 years of experience in engineering education. He is Ph.D. in Electrical Engineering – Power Systems from Shivaji University Kolhapur. He has administrative experience as a principal for 3 years at MDJIT, Bhose Sangli, Maharashtra. His research includes Deregulated Power Systems. He has published 6 research papers in journals and conferences. Presently he is working as Head of Electrical Engineering Department at ADCET, Ashta.

Swati Mali is working as Assistant Professor in Department of Computer Engineering, KJSCE, Vidyavihar. She has been working as faculty at KJSCE since August 2002. Ms. Swati is B. E. (Computer Science and Engineering) from Walchand college of Engineering and M. Tech.(Computer Engineering) from Veermata Jijabai Technological Institute,

University of Mumbai. The noble profession of teaching is her career choice as it requires continuous self learning, keeping up with the latest technology and dealing with joyful energy and innovative young minds of students. She is the life member of CSI, ISTE and CRSI.

Uday M. Muddapur, Professor and Head of Biotechnology Department, KLE's B.V.Bhoomaraddi College of Engineering & Technology, Hubballi. His area of specialization is Biochemistry. He has an experience of 16 years in teaching and authored 22 papers in international journal

B. S. Hungund, Professor, Biotechnology Department, KLE's B.V.Bhoomaraddi College of Engineering & Technology, Hubballi. His area of specialization is Microbial Biotechnology. He has an experience of 22 years in teaching and 8 years in industries and authored 24 papers in international journals.

L. R. Patil, Associate Professor, Biotechnology Department, KLE's B.V.Bhoomaraddi College of Engineering & Technology, Hubballi. His area of specialization is Bioprocess Engineering. He has an experience of 15 years in teaching and authored 07 papers in international journals.

V. S. Hombalimath, Associate Professor, Biotechnology Department, KLE's B.V.Bhoomaraddi College of Engineering & Technology, Hubballi. His area of specialization is Bioprocess Engineering. He has an experience of 15 years in teaching and authored 09 papers in international journals.

Deepak Yaraguppi, Assistant Professor, Biotechnology Department, KLE's B.V.Bhoomaraddi College of Engineering & Technology, Hubballi. His area of specialization is Bioprocess Engineering. He has an experience of 6.5 years in teaching and authored 07 papers in international journal.

Anil Shet, Assistant Professor, Biotechnology Department, KLE's B.V.Bhoomaraddi College of Engineering & Technology, Hubballi. His area of specialization is Bioprocess Engineering. He has an experience of 12 years in teaching and authored 08 papers in international journals.

S.V. Desai, Assistant Professor, Biotechnology Department, KLE's B.V.Bhoomaraddi College of Engineering & Technology, Hubballi. His area of specialization is Food Microbiology. He has an experience of 06 years in teaching and authored 06 papers in international journal. He was qualified for UGC-CSIR JRF scholar.

Gururaj Tennalli, Assistant Professor, Biotechnology Department, KLE's B.V.Bhoomaraddi College of Engineering & Technology, Hubballi. His area of specialization is Biotechnology. He has an experience of 10 years in teaching and authored 05 papers in international journals. He was qualified for UGC-CSIR JRF scholar.

Sharanappa A., Assistant Professor, Biotechnology Department, KLE's B.V.Bhoomaraddi College of Engineering & Technology, Hubballi. His area of specialization is Bioprocess Engineering. He has an experience of 10 years in teaching and authored 06 papers in international journal.

Zabin Bagewadi, Assistant Professor, Biotechnology Department, KLE's B.V.Bhoomaraddi College of Engineering & Technology, Hubballi. Her area of specialization is Biochemistry. She has an experience of 10 years in teaching and authored 12 papers in international and national journals. First rank and 7 gold medals in biochemistry.

Deepali.Y. Loni graduated in Electronics Engineering (2001) from Shivali University Kolhapur. After graduation she joined D.K.T.E College of Engineering, Ichalkaranji and is working as Assistant Professor in Electronics Engineering Department. She completed her post graduate studies in Electronics Engineering in 2010 from Walchand College of Engineering, Sangli. Currently pursuing her PhD in Signal Processing from Shivaji University. She has keen interest in the field of Digital Signal Processing & Signals and Systems.

Lalita S Admuthe received the M.E. and PhD. Degree in Electronics Engineering both from Shivaji University Kolhapur, India in 1994 and 2013 respectively. Since 2013 she has been a Professor in Electronics Engineering at DKTE's Textile and Engineering Institute Ichalkaranji. Currently she is working as Vice Principal and Head of Electronics Engineering Department. Her teaching experience includes the topics of Artificial Neural Networks, Radom Signal Processing, Computer Architecture and Parallel Processing. She has been the adviser of PhD degree dissertation on topics related to Decision making optimization in fuzzy environment and artificial intelligence.

Rohith Hallur received his Bachelors in Automation and Robotics Engineering in the year 2014 from KLE Society's B V Bhoomaraddi college of Engineering and Technology, Hubballi - 31 (India), Visvesvaraya Technological University. During his college days he was engaged with students conducting various events which helped students to participate and learn. This motivated him to get into teaching career. He is currently working as a Teaching Assistant in Centre for Engineering Education Research (CEER), KLE Technological University, Hubballi-31, India.

Preeti S. Pillai received her Bachelor degree in Instrumentation Technology Engineering in the year 2012 from VTU Belgaum. She is currently working as Lecturer in School of Electronics, KLE Technological University Hubballi-31. Presently pursuing her M.Tech in VLSI design and embedded systems. Areas of interest are Digital communication, embedded systems.

Gopalkrishna Joshi has his M.Tech and PhD done in Computer Science & Engineering. He is currently working as Professor and Head of Computer Science & Engineering, BVB College of Engineering & Technology, Hubballi (India). He has about 28 years of experience in engineering education. His current research areas of interest are Data Quality and Engineering Education. He is also the Director of Centre for Engineering Education Research (CEER) in his Institution. CEER works towards promoting innovation and research in engineering education resulting in improvement in student learning.

Ganesh H. Kawade Received Master Degree in Automobile Engineering from Shivaji University Kolhapur and obtained his Batchler degree in Dr. Babasaheb Ambedkar university, Aurnagabad. He has three years and six month of experience in teaching field. His area of interest is IC engine. He has published three international journal paper and two international conference papers in field of Automobile Engineering.

Pankaj Ghatage is working as Assistant Professor at Automobile Engineering Department, Rajarambapu Institute of Technology (RIT), Islampur. He has four years of experience in teaching. He is working in the domain Nanofluid and Computational Fluid Dynamics. He has published 3 papers in international conference and two in national conference and attended many workshops. He has worked as vice chairman of quality circle group activity in Automobile engineering department in RIT during 2015-16 and worked on problem of improving campus placement and industry- institute Interaction.

Uma Rao K. was born on 10th March 1963. She obtained her B.E in Electrical Engineering and M.E in Power systems from University Visvesvaraya college of Engineering, Bangalore and her Ph.D from Indian Institute of Science, Bangalore. She is currently Professor, department of Electrical & Electronics Engineering, R.V. College of Engineering, Bangalore. Her research interests include FACTS, Custom Power, Power Quality , renewable energy and technical education.

Prema V. received her Masters degree in Power Electronics from Visvesvaraya Technological University in 2005 and Bachelor's degree in Electrical & Electronics Engineering from Calicut University in 2001. She is currently working as Assistant Professor in R.V.College of Engineering, Bangalore, India. Her research interests include Power Electronics, Renewable Energy and Digital Signal Processing.

K. Sudheer Kumar is an Assistant Professor in the Department of Computer Science of Engineering & Technology working at K G Reddy College of Engineering & Technology, Hyderabad. He has completed his M. Tech in Computer Science & Engineering in the year 2008. He has a total of 8 years teaching experience

Khamruddin Syed is an Associate Professor in EEE Department working at K G Reddy College of Engineering and Technology, Hyderabad. He has 8 years of teaching experience. He is now pursuing his PhD in the area of Electric Drives. His research interests are Power Systems, Sensorless Control of Induction Motors. He has also acted as an Assistant

Faculty for IUCEE-IGIP International Teachers Certification Program. His other interests are Pedagogical Training, Collaborative Learning.

Sujit N. Deshpande received the B.E degree in Computer Science & Engineering from Solapur University, Solapur, and the M. E. degree in Computer Science and Engineering from Solapur University, Solapur. He is presently working as an Assistant Professor, in Department of Computer Science and Engineering, Walchand Institute of Technology, Solapur, Maharashtra, India. He has more than 5 papers in International/National Journal and Conference. His research interest includes Operating Systems, Computer Architecture and Education Technology.

Sunita M. Dol (Aher) received the B.E degree in Computer Science & Engineering from Amravati University, Amravati, and the M. E. degree in Computer Science and Engineering from Solapur University, Solapur. She is presently working as an Assistant Professor, in Department of Computer Science and Engineering, Walchand Institute of Technology, Solapur, Maharashtra, India. She is twice recipient of awards from Infosys DC Pune, under Inspire-Campus Connect Faculty Excellence Award for the work in Education Technology as Distinguished Facilitator for 2014 and Content Guru for 2015 respectively.

Chandrashekar H M completed Bachelor of Engineering and Master of Technology degrees from National Institute of Engineering, Mysuru and Sri Jayachamarajendra College of Engineering, Mysuru in 1999 and 2002 respectively. He joined as a Lecturer in the Department of Telecommunication Engineering at Siddaganga Institute of Technology, Tumakuru in 2002. Now, he is working as an Assistant Professor in the Department of Telecommunication Engineering at Siddaganga

Institute of Technology, Tumakuru. His research interests include speech signal processing, image processing and coding theory.

Veena Karjigi completed Bachelor of Engineering and Master of Engineering degrees from BMS College of Engineering, Bangalore in 1996 and 1999 respectively. She joined as a lecturer in the Department of Electronics and Communication Engineering, Siddaganga Institute of Technology, Tumakuru in 1999. She was awarded Ph.D from Indian Institute of Technology, Bombay in 2012 for her work in speech processing. Now, she is an Associate Professor in the Department of Electronics and Communication Engineering at Siddaganga Institute of Technology, Tumakuru. Her research interests include speech and biomedical signal processing.
